

Giuseppe Remuzzi

Curriculum Vitæ

GIUSEPPE REMUZZI, MD, FRCP

Mario Blacks Institute for Pharmacological Research IRCCS

Anna Maria Astori Center - Science and Technology Park "Kilometro Rosso"

I. Personal data

Name
Residence
Date and place of birth
Nationality

II. Qualifications

- | | |
|------------------|--|
| July 4, 1974 | - Degree in Medicine and Surgery, University of Pavia (cum laude) |
| August 20, 1977 | - Specialization in Hematology, Clinical and Laboratory, University of Milan |
| October 16, 1980 | - Specialization in Medical Nephrology, University of Milan (cum laude) |
| April 3, 1986 | - Eligibility as Head of Nephrology and Dialysis |

III. Clinical experience

- | | |
|-------------------------------|---|
| 1974 - 1975 | - Assistant in charge, Division of General Medicine, Briolini Hospital in Gazzaniga, Bergamo |
| 1975 – 1986 | - Assistant Professor, Division of Nephrology and Dialysis, Ospedali Riuniti di Bergamo |
| since 1986 | - Assistant in charge, Division of Nephrology and Dialysis, Ospedali Riuniti di Bergamo |
| since 1987 | - Assistant Professor, Division of Nephrology and Dialysis, Ospedali Riuniti di Bergamo |
| since 1996 | - Director, Public-Private Department of Specialist Medicine and Transplantation, Ospedali Riuniti di Bergamo/Ist. Mario Blacks |
| since 1998 | - Level I medical director in "position B.1" of the Nephrology and Dialysis Unit, Azienda Ospedaliera Riuniti di Bergamo |
| 1999 – 2018 (June) | - Level II Medical Director/Head of the Nephrology and Dialysis Unit, Ospedali Riuniti Hospital of Bergamo |
| 2004 (November)- 2011 (June) | - Director, Intrahospital Functional Department "Immunology and Transplant Clinic", Azienda Ospedaliera Riuniti di Bergamo |
| 2011(March) – 2015 (December) | - Director, Department of Medicine, Azienda Ospedali Riuniti di Bergamo |
| 2018 (July) - present | - Director, Mario Blacks Institute for Pharmacological Research |
| 2019 (November) – present | - Vice President, Italian Institute for Planetary Health (IIPH) |

IV. Teaching experience

- | | |
|--------------------|--|
| from 1985 to 1989 | - Adjunct Professor of Microbiology and Immunology, New York Medical College, Valhalla, New York, USA |
| from 1986 to 1989 | - Adjunct Professor, Course of "Renal Physiology", University of Padua, School of Specialization in Urology |
| 1989 | - "Visiting Professor", Department of Medicine, Brigham and Women's Hospital, Boston, United States |
| from 1990 to today | - Adjunct Professor, Course of "Experimental Nephrology", University of Brescia, Brescia
- Visiting Professor, Department of Medicine, Stanford University Hospital, Stanford, United States |
| 1991 | - Visiting Professor, University of Western Ontario, Ontario, Canada |
| 1992 | - "Visiting Professor", University College and Middlesex School of Medicine, London, United Kingdom
- "Visiting Professor", University of Alabama, Birmingham - University of Florida, Gainesville, USA |
| 1993 | - Faculty Member at the Postgraduate Course on Kidney Diseases, |

	Cambridge, UK
from 1991 to 1994	- "Visiting Professor", University College London Medical School, London, United Kingdom
1994	- Faculty Member Postgraduate Course in Nephrology, Harvard Medical School, Boston, United States
1995	- Strategies for delaying the progression of renal disease, "The role of lipids in Renal Disease" (co-workshop leader), Barcelona, Spain - "Visiting Professor", Penn Center for Molecular Studies of kidney diseases, University of Pennsylvania, Philadelphia, United States
1996	- "Lance Lipton Visiting Professor", Division of Nephrology, University of Toronto, Canada
1996	- "Adjunct Professor", Division of Nephrology, Department of Medicine, UNIFESP, Escola Paulista de Medicina, University São Paulo, Brazil
1998	- "Visiting Professor", Australian and New Zealand Society of Nephrology, Auckland, New Zealand - National Institute of Health/ National Kidney Foundation - Visiting Professor for the "Consensus Conference on Proteinuria", Nashville 26-29 March 1998 - Faculty Member at the Board Review Course & Update of the American Society of Nephrology
2000	- "Max Martin Salick Visiting Professor", University of California, Los Angeles, USA
2001	- "Visiting Professor", Guy's Hospital, London, United Kingdom
2003-2016	- Honorary appointment as Affiliated Professor, Dept. of Internal Medicine of the Faculty of Health Medicine and Life Sciences, Maastricht University, The Netherlands - Adjunct Professor, Dep. of Molecular and Experimental Research, The Scripps Research Institute, La Jolla, California (2003-2006) - Adjunct Professor, Faculty of Medicine and Surgery, Clinical Pathology II B, University of Turin
2004	- Member of the Advisory Board of the Mediterranean Institute for Transplantation and Highly Specialized Therapies (ISMETT), Palermo - Paul Teschan Visiting Professor, Vanderbilt University, Nashville, USA
2005	- Visiting Professor, National Kidney Foundation, 2005 Spring Clinical Meetings, Washington, USA - Member of the ISN Publications Committee - Visiting Professor, Johns Hopkins University, Baltimore, United States
2006-2009	- Adjunct Professor, Dep. of Molecular and Experimental Research, The Scripps Research Institute, La Jolla, California (2006-2009)
2007	- C. Craig Tisher Visiting Professor, University of Florida, Jacksonville and Gainesville, USA
2008	- Distinguished Visiting Professor, Beth Israel Deaconess Medical Center and Harvard Medical School, Boston, United States
2014	- Eligibility for the position of Full Professor in the sector 06/D2 Endocrinology, Nephrology and Science of Nutrition and Wellness - National Scientific Qualification – MIUR

- 2015 - Professor of Nephrology by "clear fame", State University, Milan
- 2019 - Chief Emeritus of Nephrology and Dialysis, Bergamo Hospital

V. Teaching experience in the field of training of doctors and researchers

- a. Professor Giuseppe Remuzzi has carried out training activities for doctors and researchers and has directly followed degree theses / postgraduate training / specialty school of the people listed here:

Degree thesis in medicine and surgery

Arrigo Schieppati
 Eliana Gotti
 Donatella Marchesi
 Fiorenza Pusineri
 Margherita Massazza
 Marco Tagliaferri
 Norberto Perico
 Mario Panigada
 Manuela Cortinovis
 Valerio Albani Rocchetti
 Luisa Imberti
 Mauro Abbate
 Lidia Mosconi
 Erica Daina

Specialty thesis in nephrology

Arrigo Schieppati
 Eliana Gotti
 Donatella Marchesi
 Fiorenza Pusineri
 Margherita Massazza
 Marco Tagliaferri
 Norberto Perico
 Innocence Poletti
 Stefano Rota
 Piero Ruggenenti

Training of foreign doctors/researchers

Raul Plata	(Bolivia)
Wim Laurens	(Belgium, Ph.D. thesis)
Roberto Cruz	(Bolivia)
Radoslaw Lapinski	(Poland)
Eman Khalil	(Egypt)
Ricardo Amaru	(Bolivia)
Xue Hui Liu	(China)
Simon Oldroyd	(England)
Krzysztof Konopka	(Poland)
Ludmila Perez Bustillos	(Bolivia)
Ehab Mohamed	(Egypt)
Jaroslav Szymczuk	(Poland)
Agnieszka Czauz	(Poland)
Jens Lutz	(Germany)
Yoshitaka Akagi	(Japan)
Agnieszka Dobrzynska	(Poland)
Marta Riera	(Spain)
Luciana De Moraes	(Brazil)
Malgorzata Klimiuk	(Poland)
Jaroslav Drsata	(Czechoslovakia)
Daniel Ostermann	(Argentina, Ph.D. thesis)

Ianine Sloodstra	(Netherlands)
Antoaneta Decheva	(Bulgaria)
Maria Mazerska	(Poland)
Claudio Flores	(Chile)
Rossmilda Gargia Vargas	(Bolivia)
Ilian Iliev	(Bulgaria)
Maria Ruiz Torres	(Spain)
Agostina Anabaya	(Bolivia)
Cecilia Viscarra De La Torre	(Bolivia)
Nuria Garcia Fernandez	(Spain)
Regiane Covinato	(Brazil)
Afig Gousseinov	(Russia)
Alberto Aros	(Chile)
Nadezhda Koleva	(Bulgaria)
Antonia Deliyankova	(Bulgaria)

Biology Dissertation

Marina Morigi

Antonella Piccinelli

Postgraduate training of researchers

Manuela Livio

Ariela Benigni

Carla Zoja

Marina Noris

Daniela Macconi

Marina Morigi

Antonella Piccinelli

Maria Josè Gallego (Alicante - Spain)

- b. Current position of some of the doctors and researchers who completed their training under the supervision of Dr. Giuseppe Remuzzi.

Doctors:

Dr. Arrigo Schieppati

Head of the Departmental Simple Unit for Rare Diseases of the AO Papa Giovanni XXIII in Bergamo
Head of Laboratory Coordination of International Relations for Rare Diseases - Clinical Research Centre for Rare Diseases Aldo and Cele Daccò, Mario Blacks Institute for Pharmacological Research IRCCS - Bergamo

Dr. Eliana Gotti

Head of the Nephrology-Renal Transplant Unit of the Papa Giovanni XXIII Hospital in Bergamo

Dr. Stefano Rota

Nephrologist Assistant, Division of Nephrology and Dialysis, Humanitas Gavazzeni - Bergamo

Dr. Piero Ruggerenti

Medical Director, Division of Nephrology and Dialysis, of the AO Papa Giovanni XXIII in Bergamo
Head, Department of Renal Medicine - Clinical Research Center for Rare Diseases Aldo and Cele Daccò, Mario Blacks Institute of Pharmacological Research IRCCS- Bergamo

Dr. Norberto Perico

Head of Lab. Advanced Phases of Human Drug Development - Aldo and Cele Daccò Clinical Research Centre for Rare Diseases, Mario Blacks Institute for Pharmacological Research IRCCS - Bergamo

Dr. Erica Daina

Head of Documentation and Research on Rare Diseases - Clinical Research Centre for Rare Diseases Aldo and Cele Daccò, Mario Blacks Institute for Pharmacological Research IRCCS - Bergamo

Dr. Lidia Mosconi

Research fellow, Clinical Research Center for Rare Diseases Aldo e Cele Daccò, Mario Blacks Institute for Pharmacological Research IRCCS, Bergamo

Researchers:

Dr. Ariela Benigni

Head, Department of Molecular Medicine

Scientific Secretary – Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo

Dr. Carlamaria Zoja

Head, Laboratory Lab. Pathophysiology of Renal Diseases and Interaction with Other Systems, Anna Maria Astori Center, Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo

Dr. Marina Noris

Head, Laboratory of Immunology and Genetics of Rare Diseases and Transplants - Clinical Research Center for Rare Diseases Aldo and Cele Daccò, Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo

Dr. Daniela Macconi

Head of Renal Biophysics Laboratory – Anna Maria Astori Centre, Mario Blacks Institute for Pharmacological Research, IRCCS, Bergamo

Dr. Marina Morigi

Head of Laboratory, Laboratory Lab. Cell Biology and Regenerative Medicine, Anna Maria Astori Center, Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo

Dr. Mauro Abbate

Head, Pathology and Immunopathology Unit, Anna Maria Astori Center, Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo

c. Co-Promoter:

Ph. D. thesis by Ariela Benigni, University of Maastricht, Netherlands.

Title: "Role of endothelin in progressive proteinuric nephropathies".

Ph. D. thesis by Carla Zoja, University of Maastricht, Netherlands.

Title: "Renal toxicity of proteins".

Ph.D. thesis by Federica Casiraghi, University of Maastricht, Netherlands.

Title: Mesenchymal stromal cells to induce tolerance to solid organ transplantation"

d. Promoter:

Ph.D. thesis by Marina Morigi, University of Maastricht, Netherlands.

Title: "Unravelling molecular and biochemical dysfunction by shiga toxin: Implication for Thrombotic Microangiopathy in Hemolytic Uremic Syndrome"

Ph.D. thesis by Marina Noris, University of Maastricht, Netherlands.

Title: "Genetics of Hemolytic Uremic Syndrome"

VI. Research experience

1979

- "Research Fellow", "Cell Biology Laboratory", Institute of Animal Physiology, Babraham, Cambridge, U.K.

from 1979 to 1990	- Scientific Secretary of the "International Registry for Hemolytic Uraemic Syndrome"
1980	- "Research Fellow", "Clinical Science Laboratory", Guy's Hospital Medical School, London, U.K.
1980 - 1983	- Consultant for nephrological problems of the Mario Blacks Institute of Pharmacological Research IRCCS, Milan
1984	- Head of the Nephrology Laboratory Mario Blacks Institute of Pharmacological Research IRCCS, Bergamo
1984-2018 (September)	- Research Coordinator, Mario Blacks Institute for Pharmacological Research IRCCS, Bergamo
1992-2018 (September)	- Research Coordinator, Clinical Research Center "Aldo and Cele Daccò", Institute of Pharmacological Research "Mario Blacks"
2018 (July)	- Director, Mario Blacks Institute for Pharmacological Research IRCCS

VII. Research GRANTS awarded by National and International Organizations

1986	- National Institutes of Health "Grant" "Characterization of estrogen action on improvement of uremic bleeding" Grant No: HL 37491 30/09/1986 – 29/09/1989
1988	- National Institutes of Health "Grant" "Hemostatic effectiveness of DDAVP and development of new analogues" Grant n: HL41136 07/01/1988 – 30/06/1991
1995	- Telethon "Grant" "Gene transfer to the rat kidney using the in vitro amplification expression system to elucidate the role of endothelin-1 in glomerulosclerosis" Grant n: D26 01/09/1995 – 31/08/1997
1996	- Telethon "Grant" "Gene expression and mutations of von Willebrand Factor and of oxygen radical generating enzymes in familial HUS and TTP" Grant n: E 359 01/03/1996 – 28/02/1998
1996	- "Grant" from "Baxter Healthcare Corporation", USA "Differential Neutrophil Gene Expression in Familial HUS/TTP" 01/02/1996 – 31/01/1999
1998	- European Commission Grant "A European Rare Diseases Information Network - Eurarenet" Grant n: PL 963715

1998-2001

European Commission Grant

"Organ Transplant Tolerance by Infusion of Large Number of Donor Hemopoietic Stem Cells"

Grant No: BIO4-98-0525

1998 - 2000

1999

-
- Telethon "Grant"
"A multicenter randomized pilot study on the effect of mycophenolate mofetil plus steroids versus cyclophosphamide plus steroids in patients with active diffuse proliferative lupus nephritis"
Grant No: E.C886
01/02/1999 – 31/01/2001

2001

- ROTRF "Grant"
"Donor Peripheral Blood Mononuclear Cells Homing the Thymus of Recipients to Induce Graft Tolerance"
Grant n: 872933093
05/2001 – 05/2003
- "Grant" Lombardy Region
"Reno and Cardio Protective Effects of Statins in Patients with Progressive Chronic Nephropathies"
Grant n: 3897/RCC
07/2001 – 07/2003
- European Commission Grant
"An European Educational Program on Rare Diseases""
01/10/2001 – 01/10/2003

2002

- ROTRF "Grant"
"Donor Stem Cell Infusion to Induce Allospecific Graft Tolerance" -
Grant n: 848262810
11/2002 – 10/2003
- "Grant" TELETHON
"Genetic and functional Study of ADAMTS13 in Hemolytic Uremic Syndrome and Thrombotic Thrombocytopenic Purpura"
Grant n: GGP02162
10/2002 – 09/2004
- "Grant" TELETHON
"Complement Genetic Alterations in Hemolytic Uremic Syndrome" –
Grant n: GGP02161
10/2002 – 09/2005
- "Grant" Foundation for Children with Atypical HUS, USA and The Nando Peretti Foundation, Italy
"ADAMTS13 in Atypical Hemolytic Uremic Syndrome"
12/2002 – 02/2004
- "Grant" GENZYME Renal Innovations Program
"Gene delivery by 2nd generation adenovirus or adeno associated virus to donor kidney to prolong survival and induce donor-specific tolerance in a rat renal allograft model"
08/2002 – 07/2004

2003

- "Grant" GENZYME Renal Innovations Program

- "Role of complement in tubulointerstitial injury of proteinuric nephropathy"
07/2003 – 08/2005
- 2004
- ROTRF "Grant"
"Donor Engineered Dendritic Cells to Generate Tolerogenic Regulatory T Cells for Renal Transplantation"
Grant No: 522445815
04/2004 – 03/2005
 - "Grant" GENZYME Renal Innovations Program
"Donor engineered dendritic cells to generate tolerogenic regulatory T cells for renal transplantation"
07/2004 – 08/2007
- 2005
- European Commission Grant
"European Renal Genome Project (EuReGene)"
Grant No: LSGH-CT-2004-005085
01/01/2005 – 31/12/2008
 - European Commission Grant
"A Systems approach to tissue engineering processes and products (STEPS)"
Grant: FP6 n. 500465
01/03/2005 – 28/02/2012
 - "Grant" Committee TELETHON Foundation Onlus
"Pathophysiology of Von Willebrand Factor (VWF) processing in Thrombotic Thrombocytopenic Purpura with congenital ADAMTS13 deficiency: in search of a novel VWF cleaving protease"
Grant n: GGP05097
09/2005 – 09/2007
- 2006
- AIFA "Grant" – Italian Medicines Agency
"A randomized, prospective, double blind trial to evaluate whether, at comparable blood pressure control, combined therapy with an ACE inhibitor and an Angiotensin II receptor blocker (ARB) reduces progression to ESRD more effectively than ACE inhibitor or ARB therapy alone in high risk patients with type 2 diabetes and overt nephropathy"
Grant n: FARM5PWB9L
01/09/2006 – 31/08/2009
 - European Commission Grant
"Developing a stem cell-based therapy to replace nephrons lost through reflux nephropathy (KidStem)"
Grant MRTN-CT-2006 n.036097
01/09/2006 – 31/08/2010
- 2007
- European Commission Grant
"Applied Genomic Strategies for Treatment and Prevention of Cardiovascular death in Uremia and End stage renal Disease (GENECURE)"
Grant No: 037697(LSHM-CT-2006-037697)
01/01/2007 – 31/12/2009
 - ROTRF "Grant"
"Mesenchymal stem cells to protect islet allografts in diabetic rats" –
Grant n: 678864716
01/2007 - 12/2007
 - "Grant" Istituto Superiore di Sanità

"Phenotype correction of ADAMTS13 deficiency and protection from the development of thrombotic thrombocytopenic purpura through intravascular and skeletal muscle ADAMTS13 gene delivery in mice" –
Grant n: 526D/7
05/2007 – 05/2009

- "Grant" Telethon Foundation Onlus Committee
"Genetic abnormalities of complement regulatory molecules in hemolytic uremic syndrome"
Grant No: GGP07193
09/2007 – 09/2010
- AIFA "Grant" – Italian Medicines Agency
"Prospective, multicenter, randomized study to compare the effect of a treatment with ACE inhibitors versus a treatment that does not include inhibitors of the renin angiotensin system on the incidence of cardiovascular events in chronic hemodialysis patients with left ventricular hypertrophy"
Grant n: FARM6WE4PP
11/2007 – 11/2010

2008

- AIFA "Grant" – Italian Medicines Agency
"A prospective, sequential study to assess the efficacy of rituximab therapy in maintaining remission of nephrotic syndrome after steroid and immunosuppressive therapy withdrawal in patients with steroid-dependent or multirelapsing minimal change disease or focal segmental glomerulosclerosis"
Grant n: FARM7EBAJS
11/2008 – 11/2011
- "Grant" European Commission/Istituto Superiore di Sanità
"Consortium for clinical, genetic and experimental research into hereditary diseases (PODONET)"
01/04/2008 – 01/04/2011
- European Commission Grant
"Set up and comparison of multiple stem cell approaches for kidney repair (STAR-T REK)"
FP7-HEALTH Grant No. 223007
01/11/2008 – 31/10/2011

2009

- "Grant" Fondazione Cariplo
"Stem cells to repair kidney injury"
Grant No: 2007.5549
01/01/2009 – 31/10/2011
- "Grant": Telethon Foundation
"Complement abnormalities in primary membranoproliferative glomerulonephritis"
10/2009 – 02/2012
- "Grant" European Commission (IMI Joint Undertaking Initiative)
"Surrogate markers for Micro- and Macro-vascular hard endpoints for Innovative diabetes Tools (SUMMIT)"
IMI-JU Grant No. 115006
01/11/2009 – 31/10/2015

2010

- "Grant" Lombardy Region
"Model of integration between experimental research activities and clinical practice: the approach to thrombotic microangiopathies"
01/02/2010 – 31/07/2012

- "Grant" Fondazione Monte dei Paschi di Siena
"Kidney Allograft Studies in Non-Human Primates: New Approaches in Chronic Transplant Research"
01/06/ 2010 – 31/12/ 2012
- "Grant" Ministry of Health
"Genetic biomarkers for a personalized therapy preventing cardiovascular complications in diabetic nephropathy"
15/07/2010 – 15/07/2012
- "Grant" F.Hoffmann-La Roche Ltd
"Research agreement for projects on renal diseases, particularly, ADPKD, CKD and rare genetic diseases"
From 10/12/2010 – 31/12/2012

2011

- European Research Council Executive Agency "Grant"
"Dreaming of no more renal dialysis: How self-derived tissue and cells can replace renal function (RESET)"
Grant FP7-IDEAS-ERC n: 268632
01/05/ 2011 – 30/04/2016
- JDRF "Grant"
"De novo generation of human nephrons for the treatment of experimental DN"
Grant n: 5-2011-160
01/01/2011 – 31/12/2011
- "Grant" Lombardy Region
"Technological platform for the use of the pig in the biomedical (organ and tissue transplantation) and biotechnological (animal model of human diseases) fields (SUPERPIG)"
06/06/2011 – 05/06/2013
- "Grant" Telethon Foundation
"Genetic basis of steroid resistant nephrotic syndrome and implications for therapy"
Grant n: GGP11201
15/10/2011 – 14/10/2014

2012 - European Commission Grant

- "European Consortium for High-Throughput Research in Rare Kidney Diseases (EURenOmics)"
Grant FP7-HEALTH n: 305608
01/10/2012 – 30/09/2017
- European Commission Grant
"Stem-cell based therapy for kidney repair (STELLAR)"
Grant FP7-HEALTH n: 305436
01/11/2012 – 31/10/2017
- European Commission Grant
"Translational research (training) in Polycystic Kidney Disease (TranCYST)"
Grant FP7-PEOPLE-2012-ITN n: 317246
01/12/2012 – 30/11/2016

2013

- European Commission Grant
"European Kidney-Podocyte Research Platform (KidneyConnect)"
Grant FP7-HEALTH n: 602422
01/08/2013 – 31/07/2016
- "Grant" Ministry of Health

"Does calorie restriction ameliorate renal function and cardiometabolic health in obese type 2 diabetic patients? (Creso 2)"
 Grant No: 193/RF-2010-2309734
 21/03/2013 – 20/03/2016

"Grant" European Renal Association
 "The Eurocyst Initiative: Building a Reference Center Network Across EUROpe to Establish a Large-scale Longitudinal Observational Cohort of Autosomal Dominant polyCYSTic Kidney Disease (ADPKD) Patients (EuroCYST)"
 31/08/2013 – 31/01/2017

2015

- European Commission Grant
 "Novel Stromal Cell Therapy for Diabetic Kidney Disease (NEPHSTROM)"
 Grant H2020-HEALTH n: 634086
 01/05/2015 – 30/04/2019

2016

- European Commission Grant
 "Chronic kidney disease and acute kidney injury – evaluation of EU and global epidemiology (CKD-AKI)"
 Grant H2020-MSCA-IF-2015-EF n: 703226
 01/09/2016 - 02/11/2018

2017

- European Commission/Innovative Medicine Initiative JTI "Grant": IMI2
 "Biomarker Enterprise to attack DKD (BEAt-DKD)"
 Grant H2020-IMI2-2015 n:115974
 01/04/2017 – 31/03/2022

2018

- "Grant" Italian Medicines Agency
 "A prospective study to assess safety and efficacy of the use of bone-marrow derived MESenchymal stromal cells as immunomodulatory therapy for children and young adults with severe and difficult-to-treat frequently relapsing or steroid dependent idiopathic NEPHrotic syndrome: the MESNEPH study"
 Grant n: AIFA-2016-02364623
 05/11/2018 – 04/11/2021

2020

- "Grant" Lombardy Region
 "Combined test for the evaluation of antibody response to SARS-CoV-2 and viral load in the general population (ImmunoViralTest)"
 Grant n: 1852585
 01/05/2020 – 31/10/2020

2022

- European Commission "Grant"
 Nanomedicine for Organ Transplantation Tolerance (PHOENIX)"
 HORIZON HEALTH grant n: 101076383
 01/04/2023 – 31/03/2026
- "Grant" European Commission - Next Generation EU
 'One Health Basic and Translational Research Actions addressing Unmet Needs on Emerging Infectious Diseases (INF-ACT)'
 Grant No. PE00000007
 01/11/2022 – 31/10/2025

2025

- "Grant" Lombardy Region
 Pig organs to those waiting for transplantation (DONATION)
 Grant No. 6069058
 01/01/2025 – 31/10/2027

- 2026
- "Grant" Italian Health Ministry/EU Commission
'Identification of a pharmacogenomic signature for anti-B cell precision therapy in membranous nephropathy (CONFUCIUS)'
Grant n. EPPermed2025-182-CONFUCIUS)
01/04/2026 – 31/03/2029
 - European Commission "Grant"
From uremic toxins to cognitive decline: Elucidating the pathophysiology of mild cognitive impairment in chronic kidney disease (MOMENTUM)
HORIZON HEALTH Grant No. 101286954
01/06/2026 – 31/05/2030

VIII. Invited lectures at International Congresses

- 1983 - Sixth International Symposium on Pediatric Nephrology, Hannover, Germany
- 1984 - 9th International Congress of Nephrology, 7th Annual Meeting of the American Society of Nephrology Washington, Los Angeles, United States
- 1986 - 6th International Conference on Prostaglandins and Related Compounds, Florence, Italy
- 18th S. Carlo Course on Advances in Nephrology and Dialysis, Milan, Italy
- 1987 - International Symposium on Renal Eicosanoids, "The role of eicosanoids and PAF in experimental glomerulonephritis", Capri, Italy
- 11th International Congress on Thrombosis and Haemostasis, Brussels, Belgium
- 19th S. Carlo Course on Advance in Nephrology and Dialysis, "Prostaglandins, thromboxane and leukotrienes", Milan, Italy
- 1988 - Necker's Seminars in Nephrology, "Bleeding disorders in uremia: pathophysiology and treatment", Paris, France
- International Workshop on Acute Renal Failure in the Intensive Therapy Unit, "Mediators of renal damage in acute renal failure", Avignon, France
- 2nd Verona Seminar in Nephrology, "Role of coagulations factors in the progression of experimental renal disease", Verona, Italy
- 20th S. Carlo Course on Advances in Nephrology and Dialysis, "Role of proteinuria as a cause of mesangial sclerosis", Milan, Italy
- 1989 - International Nephrological Congress, "NSAI drugs and glomerulonephritis", Bologna, Italy
- International Congress on Pediatric Nephrology, "the pathogenesis of HUS: The roles of prostacyclin, thromboxane, multimers and platelet activating factors", Toronto, Canada
- 1990 - Eight Annual Meeting of the International Society of Blood Purification, "Endothelial derived vasoactive mediators and platelet function", Salsomaggiore, Italy
- Uraemia in the "90's", "Erythropoietin to correct uraemic bleeding", Leicester, England
- 7th International Conference on Prostaglandins and Related Compounds, "Interleukin-1b (IL-1b) and tumor necrosis factor-a (TNF-a) induce gene expression of interleukin-8 (IL-8), monocyte chemotactic protein-1 (MCP-1), colony stimulating factors (CSF) and interleukin-6 (IL-6) in human cultured mesangial cells (MC)", Florence, Italy
- 1st International Conference on Thombotic Thrombocytopenic Purpura (TTP) Research, "Are TTP and HUS the same disease?", Pavia, Italy
- NATO Advanced Study Institute, "Altered renovascular endothelial functions during nephrotoxicity", Corfu, Greece
- XIth International Congress of Nephrology, "Pathogenesis / Prostaglandins / Endothelial", Tokyo, Japan

 - Rotary Club Brescia "Transplant Medicine: from first attempts to future prospects", Brescia, Italy
 - First Meeting in Genoa on "Hypertension, Diabetes and Renal Disease", "Novel mechanisms in renal protection", Genoa, Italy
 - Postgraduate Course in Arterial Hypertension and Cardio-Vascular Prevention, "Future Perspectives for Pancreatic Function Replacement Therapy", University of Trieste, Trieste, Italy
 - Conference "Where is Healthcare going in Italy? Evolution or Involution?", "How Medicine is Changing", Centro Congressi Giovanni XXIII, Bergamo, Italy
 - Lecture on the Nursing Course "Hemolytic Uremic Syndrome: from the study of rare cases can the causes of certain epidemics be understood?", Villa Camozzi, Ranica, Italy
 - 5th Portuguese Congress on Diabetes, MSD Lunch Symposium "Changing the Course of Renal Disease in Patients with Type 2 Diabetes", "The importance of blocking the A II effects: lessons learned from the RENAAL studies", Villamoura, Portugal
 - Inauguration of the Nephrology and Dialysis Unit of the Seriate Hospital "Specialist and Transplant Medicine", Seriate Hospital, Seriate, Italy
 - Symposio Mayo Clinic/Mario Blacks "Renal Tubule and Biliary Duct Diseases" a Kidney and Livery workshop, Moderator "New Trends in kidney research", "Session IV: Issues in livery and kidney transplantation", Villa Camozzi, Ranica, (Bg), Italy
 - Symposium "Correction of cardiovascular risk factors, in the light of the most recent trials", "RENAAL Study" (analysis and therapeutic perspectives), Hotel Excelsior San Marco, Bergamo, Italy
 - ARMR Association Conference "Why study rare diseases?", San Bartolomeo Cultural Center, Bergamo, Italy
 - Medical Grand Round "Remission, Regression of Chronic Renal Disease: a realistic Task for the new Generation Nephrologists", "Hemolytic Uremic Syndrome", Northwestern University, Chicago
 - Remission Clinic "Chronic Nephropathies and Cardiovascular Complications: Epidemiology, Pathogenesis, Prevention and Treatment", "Remission, Regression of Chronic Kidney Disease: A Little-Frequented Road", Round Table "How I would treat my patient", Villa Camozzi, Ranica (Bg), Italy
 - International Course 2002 "Update in Kidney and Pancreas Transplantation", "Challenges to Achieving Clinical Transplantation Tolerance", Barcelona, Spain
 - University of Pavia student lecture, "Organ transplantation from the first attempts to a hopeful future", Pavia, Italy
 - Neopharmed Symposium "Diabetic Nephropathy: New Perspectives of Prevention and Treatment in the Light of the Most Recent Clinical Trials", "Progression Mechanisms", "The Path to Regression", Villa Camozzi, Ranica, Italy
 - "Rationale and sample studies plus strategies for prevention", ISN/COMGAN Global Presentation, Geneva, Switzerland

- 6th Monothematic Conference "Cardiovascular Pharmacology of Nitric Oxide (NO) Donors: Therapeutic Perspectives", "NO and Renal Damage", Department of Pharmacology, Chemotherapy and Toxicology, University of Milan, Italy
- Experimental Medicine Seminar "Remission/Regression of Chronic Kidney Diseases: A Little-Frequented Road", Department of Genetics, University of Turin, Turin, Italy
- Scientific Conference "From research to restorative medicine, in the collaboration promoted by the Blacks Weizmann Committee", Palazzo Visconti, Milan, Italy
- Faculty Conference "Ethics and Clinical Research", "Transparency and Independence in Clinical Research: the Role of Scientific Journals", Faculty of Medicine and Surgery, University of Modena and Reggio Emilia, Modena, Italy
- First International Course on Hemodialysis Technology, "Anticoagulation Strategies", Vicenza, Italy
- Seminar "Heart Failure: Advances in Pathophysiology and Treatment", The progression of renal failure: commonalities with heart failure?", Faculty of Medicine and Surgery, University of Brescia, Brescia, Italy
- Aventis Satellite Symposium "Management of hypertensive patients: beyond blood pressure reduction", "Nephroprotection: lessons learned from recent studies", Prague, Czech Republic
- Abbott Satellite Symposium "Hypertension management and target organ protection: how might landmarks trials influence clinical practice?", "Preventing Diabetic Nephropathy: The Promise of BENEDICT", Prague, Czech Republic
- International Conference "Vasoactive Drugs in Internal Medicine", "Anti-hypertensive Drugs and Nephroprotection", Policlinico di Padova, Italy
- New England Journal of Medicine Editorial Board Meeting, Paris, France
- Inauguration of the "Chiara Cucchi De Alessandri and Gilberto Crespi" Transplant Research Center, "Transplant Medicine will change medical practice: why and how?", Villa Camozzi, Ranica
- XXXIX ERA-EDTA Congress, "Renoprotection", Copenhagen, Denmark
- 4th Hypertension Summer School, Chairman Plenary Session ("Current Status of Renal Protection Strategies"), "ARB's and Renin Antagonists", "Reno-protective strategies", Williamsburg, Virginia, United States
- Valsartan Renal Research Review Meeting (Novartis), Boston, USA
- South African Renal Society Congress, "Progression, remission and regression of renal disease including Diabetes Mellitus", "HUS/TTP and the thrombotic microangiopathies", Bloemfontein, South Africa
- ISN COMGAN symposium, "HUS: from the bug to the gene", "Progression, Remission, Regression of Chronic Renal Disease", Antalya, Turkey
- Hospital Quebec, "REIN and follow up and related substudies", Quebec, Canada
- Medical Press Event on Diabetes and Hypertension, "The challenge of Hypertension and Nephropathy in Diabetes", Quebec, Canada
- 1st International Conference on Prevention of Renal Disease, "Proteinuria: Cause or Effect of Progressive Renal Disease", Toronto, Canada
- NIH symposium on Proteinuria and Other Markers of Chronic Kidney Disease: Perspectives on Clinical Practice, trials and Research needs, "Proteinuria as a predictor of Outcome and Response to Therapy", Washington, United States
- International symposium of the Instituto Reina Sofia de Investigación Nefrológica, "HUS", Madrid, Spain
- Swiss Society of Nephrology Congress, "Challenges to achieving clinical transplantation tolerance", St. Gallen, Switzerland
- Sheffield Kidney Institute, "HUS: from the bug to the gene", "Progression, remission and Regression of Chronic Renal Disease", Sheffield, U.K.

2003

- Second Genoa Meeting on Hypertension, Diabetes and Renal Diseases: "Controversies: ACEi versus ARB: which one is better for cardiovascular and renal protection?", Genoa, Italy
- Italian Science Seminar, Italian Embassy in London: "How to reduce the need of Dialysis: early intervention strategies and targets", London, UK.
- AIDO Course: "The Future of Organ Transplantation: Towards the Italian Miracle?", Bergamo, Italy.
- CNR, Days on the Promotion of Life: Artificial Organs and Transplantations: "Chronic Rejection: Immunological and Non-Immunological Factors", Rome, Italy.
- 1 Interactive Refresher Course on Arterial Hypertension: "Should the results of Hypertension Trials always be applied in clinical practice?", Bologna, Italy.
- Kidney Stones, The Refresher Course in Nephrology: Chairman, Turin, Italy.
- SINAPSI, Association for Culture, Bergamo Scienza 2003, chairman lecture Prof. Cavalli Sforza, Bergamo, Italy.
- 5 Advanced Course "Organ Transplantation": "New trends in Immunosuppressive Therapy", Padua,

Italy.

- Seminar, Teaching and seminar activity of the Academic Class of Experimental Sciences, Medicine Sector: "Remission and regression of chronic kidney diseases", Pisa, Italy.
- Congress: "Back to School", "Cardiovascular Risk Profile and Renal Function", Milan, Italy.
- AIDO, National Days for Organ Donation and Transplantation: "Donation: Time and the Reasons for Life, to Live After Death", Valtrompia, Brescia, Italy
- International Conference on Benefits and Costs of Healthcare Innovation: "Medical Innovation in the Healthcare Sector", Stresa, Italy.
- WCN Satellite Symposium: Diabetes and the Kidney, "ACE Inhibitors, Calcium Channel Blockers and Aldosterone Antagonist in Diabetic Nephropathy", Dusseldorf, Germany
- WCN 2003 Congress, "Research and Prevention", Berlin, Germany
- WCN 2003 Congress, "A Global Perspective on non-communicable disease: Field studies in the emerging world", Co-chair, Berlin, Germany
- WCN 2003, Barry Brenner Plenary Lecture: "The Future of Renoprotection: Frustrations and Promises", Berlin, Germany
- WCN 2003 Satellite Symposium: "End Organ Protection in Arterial Hypertension: Beyond Blood Pressure Control", State of the Art Lecture: "Can we stop the progression of renal failure?", Berlin, Germany
- Course on Clinical Pathology, University of Turin, "Clinical Pathology and Organ Transplantation", Turin, Italy
- Prevention in Renal Disease Congress, "Role of ACE Inhibitors", "Understanding the toxicity of proteinuria", "Chronic kidney disease prescription for the population", Toronto, Canada
- 11th. Congress of the European Society for Organ Transplantation, "Double Kidney Transplantation", Venice, Italy
- University Course Conservatorio Santa Chiara, "Innovations in Medicine", San Miniato, Italy
- Post graduate Course in Renal Endocrinology, "Renal Protection by interference with RAS", Draguignan, France
- Course Biotechnology in Medicine, "Rare Diseases", Rome, Italy
- National Congress of Italian Society of Internal Medicine, "Kidney: from nephroprotection to Remission Clinic", Rome, Italy
- ASN 2003 Congress, Advances in Research Conference: "Autoimmunity and Tolerance in Organ Injury", "A Novel Road to Immunological Renal Disease and How to interfere", San Diego, USA
- COMGAN Workshop, "The ISN Research Committee and the ISN Mission of Prevention: Bellagio and Beyond", San Diego, USA
- ASN 2003 Congress, Meet the expert Lunch "Challenges in treatment of rare genetic diseases: Treating Fabry Disease", "Renal Transplantation in patients with Fabry Disease", San Diego, USA
- ASN 2003 Congress, ASN Clinical Nephrology Conference "Debates in Renal Failure", "The therapy of proteinuria per se Alters the Course of Progressive Renal Disease: Yes or No", San Diego, USA
- Prevention of Kidney Disease in Minority Groups and Emerging Nations - Focus on the Americas. An ISN-Comgan Conference, Session III, Detection and Prevention, Chair, Ensenada, Mexico
- Prevention of Kidney Disease in Minority Groups and Emerging Nations - Focus on the Americas. An ISN-Comgan Conference, "The Future of Renoprotection", Ensenada, Mexico
- 35th Course on Advances in Nephrology and Dialysis, "Recent progression in mechanisms of renal sclerosis", Milan, Italy
- 64th National Congress of Italian Society of Cardiology, "Selective modulation of the renin angiotensin system", Rome, Italy
- Nephrology Forum on Transplantation. "Pathophysiology of chronic rejection" Palermo, Italy

2004

- Accademia Medica Roma, "Kidney, Cardiovascular diseases and Diabetes: An epidemic that can be stopped?", Rome, Italy
- University of Sassari, "Treatment of Proteinuria", Sassari, Italy
- 7°. Congress of Immunopathology and Orphan Diseases, "Membranous Nephropathy", Turin, Italy
- Masters Course, "Epidemiology and Progression of Chronic Kidney Diseases", Sheffield, UK.
- 6th. Int. Conference on New Trends in Immunosuppression, "The possible role of Mycophenolate Mofetil in Autoimmune Diseases: Rationale and Mechanisms", Salzburg, Austria
- Third Genoa Meeting on Hypertension, Diabetes and Renal Disease, "Dual blockade of the RAAS: the ultimate treatment for renal protection?", Genoa, Italy
- Nephrology and Urology Course, "Optimising Strategies to prevent progression of chronic renal failure", London, UK
- ISN COMGAN /Rockefeller Foundation: Prevention of Renal Diseases in the Emerging World: Toward Global Health Equity, "Prevention of progression and remission/regression strategies of chronic renal diseases: can we do better now than 5 years ago?", Bellagio, Italy

- University Rome: "Rare Diseases: intervention and study strategies", Rome, Italy
- Symposium on the Management of Endstage Organ Failure: the ISMETT Perspective. "New insights into Mechanisms of Tolerance", Palermo, Italy
- Renal Association Spring Meeting, State of the Art: "Current Therapies to Minimise Progressive Renal Failure", Aberdeen, Scotland
- "The Future of Renoprotection: Frustrations and Promises," Vanderbilt University Visiting Professor, Nashville, USA
- "Genetics of HUS", Vanderbilt University Visiting Professor, Nashville, USA
- "Renal transplant tolerance: focus on dendritic cells and Tregulatory cells", Vanderbilt University Visiting Professor, Nashville, USA
- 17th Annual General Meeting of the EDNSG, "The remission of diabetic nephropathy: when and how?", Ranica, Bergamo, Italy
- 1st International Symposium on Albuminuria: The role of albuminuria in health and disease: Predicting outcomes and target for therapy, "Microalbuminuria versus macroalbuminuria", New York, USA
- 1st International Symposium on Albuminuria: The role of albuminuria in health and disease: Predicting outcomes and target for therapy, "Albuminuria predicting outcome in renal disease", New York, USA
- 3rd Course on Genetics and Renal Diseases, "Hemolytic Uremic Syndrome", Genoa, Italy
- Annual Congress of Polish Society of Nephrology, "The way to cardio-renal protection", Bialystok, Poland.
- XIV European Meeting on Hypertension: Sankyo-Menarini Satellite Symposium, "Microalbuminuria – An underrated cardiovascular risk factor", Paris, France.
- XIV European Meeting on Hypertension: New frontiers in blockade of the renin-angiotensin system – cardiovascular and renal challenges (Aventis Pharma Satellite Symposium), "Nephroprotection and the renin-angiotensin system", Paris, France.
- 12th International Congress on Nutrition and Metabolism in Renal Disease, "Lipids oxidative stress and the anti-inflammatory properties of statins and ACE-inhibitors", Padua, Italy.
- ISN Conference on Prevention of Renal Disease, "Pathophysiology of disease progression in proteinuric Nephropathies", Hong Kong, China
- ISN Conference on Prevention of Renal Disease, "Aldosterone in cardiac and renal protection", Hong Kong, China
- ISN Conference on Prevention of Renal Disease, "A kidney prevention recipes for your office practice", Hong Kong, China
- The National Meeting of Nephrology, "Mechanisms of the chronic inflammatory tubulo-interstitial damage", Zhuhai, China
- Mini-symposium: Future strategies in renoprotection, "Renoprotection in chronic renal disease: the remission clinic", University Hospital Groningen, The Netherlands.
- 3rd Annual Conference: Prevention in Renal Disease, "Reversal of CKD: a utopia or a real possibility", Toronto, Canada
- 3rd Annual Conference: Prevention in Renal Disease, "The novel road to thrombotic microangiopathies and how to interfere with their progression", Toronto, Canada
- ASN PGE Course: Prevention and Management of CKD: What have we learned and where are we going, "Is reversal of CRI possible?", St. Louis, Missouri, USA
- ASN PGE Course: Prevention and Management of CKD: What have we learned and where are we going, "", St. Louis, Missouri, USA
- ASN Clinical Nephrology Conference: Membranous Nephropathy, "Status of the non-standard therapies in MGN" St. Louis, Missouri, USA
- ASN Lunch Symposium: Early identification and treatment of CKD: reaching patients with hypertension and diabetes, "Can diabetic nephropathy be prevented: The BENEDICT Trial" St. Louis, Missouri, USA

2005

- 12th Scientific Information Meeting. Lecture "The first transplant, Joseph Murray, everything that was done afterwards, something of what will be done" Rome, Italy
- Cardiology Update 2005. "Is prevention of new onset microalbuminuria possible?" Davos, Switzerland
- XXII Symposium of Cardiology of the Center for the fight against heart attack Fondazione Onlus. "Drugs of the renin-angiotensin system in nephropathies: how to ward off dialysis" Florence, Italy
- 4th Genoa meeting on hypertension, diabetes and renal diseases. "Prevention and treatment of diabetic renal disease in type 2 diabetes mellitus: the Benedict Study" Genoa, Italy
- Postgraduate School of Nephrology. "The First Transplant, Joseph Murray, Everything That Was Done After, Something of What Will Be Done", Ferrara, Italy
- The nurse in the path of organ harvesting and transplantation. "Future developments of transplant activity" Bergamo, Italy
- Prevention of chronic renal diseases meeting. "Global threat of chronic kidney disease" Muscat, Oman
- 5th International Symposium: "Heart failure prevention and management: from drugs to devices",

"Preventing kidney damage to protect the heart" Genoa, Italy

- Specialized course on renal transplant nephroprotection. "Remission and regression of chronic renal disease" "The way to graft tolerance" "Clinical case presentation and discussion", Ranica (Bg), Italy
- 8th Forum on the renin angiotensin system. "Diabetes and kidney: slowing progression or preventing nephropathy?" Capri, Italy
- 2nd San Raffaele Transplant Meeting. "Renal transplantation without cortisone and without cyclosporine?", Milan, Italy
- International Workshop on Regenerative Medicine. Palermo, Italy
- Professional Congress of Diabetes. "The BENEDICT Study, prevention of microalbuminuria in type 2 diabetes". Glasgow, United Kingdom
- 5th Refresher Course in Nephrology. "Reduce proteinuria and delay the progression of kidney disease to avoid cardiovascular events". Cagliari, Italy
- First annual forum on immunological pathways in transplantation. "Pharmacodynamics/genomics". Madrid, Spain
- Study day on the problem of organ harvesting and transplantation. "History and value of transplantation", Bergamo, Italy
- 2005 Spring NKF Meeting. "New immunosuppressants mechanisms and side effects", Washington, USA
- ISN COMGAN Course. "Hemolytic Uremic Syndrome", "Activities of COMGAN Research Committee in Emerging Countries", "The future of renoprotection", Varadero, Cuba
- Workshop on: Vascular Biology in Diabetes Complications. "Renal size selective defect of diabetes and its role in disease progression", Uppsala, Sweden
- Top Seminar Kidney and Hypertension. "Is remission of chronic kidney disease possible?", Reggello, Italy
- Meeting of the San'Andrea Hospital. "Remission, regression of chronic proteinuric nephropathies. Can dialysis be avoided? When?", Milan, Italy
- International Workshop on Thrombotic Microangiopathies. "TTP Then and now", Jena, Germany
- Conference on complementary medicines. "Homeopathic medicine and conventional medicine in comparison", Bergamo, Italy
- Preventing the decline in renal function in Fabry Disease, Satellite Meeting ERA-EDTA. "Reversibility and irreversibility of renal disease", Istanbul, Turkey
- ERA-EDTA XLII Congress. "Pathogenesis of thrombotic microangiopathies", Istanbul, Turkey.
- Aspreva Meeting. Global Advisory Meeting of Nephrology, New York, United States
- Continuity in the management of cardiac or hypertensive patients. "Introduction, presentation of objectives, course methodology", Bergamo, Italy
- Abbott Marketing Meeting. "The BENEDICT Trial: perspectives from a KOL", Dublin, Ireland
- Extracorporeal surgery: techniques to increase transplants from cadaveric donors and donations from living donors. "Transplantation of two marginal kidneys in the same recipient: distant results", Milan, Italy
- ESH Milan Meeting. "Never too early to protect the kidney for limiting cardiovascular disease of diabetes", Milan, Italy
- Peritoneal Dialysis Conference. "Residual renal function, a heritage to be preserved: Before the start of dialysis treatment" Bergamo, Italy
- Hypertension, diabetes and chronic renal disease: epidemiology, mechanisms and strategies to achieve remission and regression. "Remission and regression of chronic nephropathies", Ranica, Italy
- Uremia and the Cardiovascular System. "Potential benefit of reducing proteinuria", Oxford, UK
- EASD Congress Satellite Symposium. "Clinical perspective of manidipine + delapril combination: DEMAND Study", Athens, Greece
- Prevention and treatment of cardiovascular complications in renal and diabetic patients: new perspectives of prevention and treatment in the light of the most recent clinical trials. "Remission and regression of chronic kidney diseases", Ranica, Italy
- Hypertension and organ damage: from prevention to therapeutic framework. "Prevention and treatment of nephropathy in type II diabetes – Benedict Study", Milan, Italy
- The pathology and treatment of diabetic foot ulcers. Evaluation of efficacy and cost-benefit. "Introduction", Ranica, Italy
- Current events on chronic complications of diabetes mellitus. "Prevention and treatment of diabetic nephropathy in type II diabetes", "Regression of kidney disease: also for diabetes?", Padua, Italy
- 3rd International Conference on Thrombosis and Hemostasis. "The influence of pharmaceutical industry on the clinical medicine", Bergamo, Italy
- Kidney Care Day. "Remission and regression of chronic renal diseases: Can it really happen?", Boston, United States
- Long Island Regional Nephrology Conference. "Hemolytic Uremic Syndrome", New York, United States

States

- 21st Congress of the Italian Society of Pediatric Nephrology. "Kidney Transplantation", Venice, Italy
- Public Hearing European Parliament. "European Research council and the future of european innovations", Brussels, Belgium
- 33th Course on Advances in Nephrology and Dialysis. Speaker "Endothelial dysfunction: a common mechanism in cardiovascular and renal diseases, diabetes and hypertension", Milan, Italy
- ISN COMGAN Rockefeller Foundation: Prevention of Vascular Diseases in the Emerging World: A multidisciplinary Approach to Global Health Equity. "Preventing cardiovascular disease, diabetes and chronic kidney disease: A common agenda, a common challenge", "Community based screening for renal disease. Is it worthwhile? Is it feasible?", "The urgent need for a global fund to fight the cardiovascular diabetic epidemic", Speaker "Prevention of Kidney disease", Bellagio, Italy

2006

- Better care for chronic uremic patients on waiting lists and kidney transplant patients in Italy. "The management of patients with chronic transplant dysfunction", Milan, Italy
- Organ Transplant Forum: Comparing paths of thought. "What has changed in organ transplantation in the last 50 years", Speaker "Transplants: organization and research. The questions of the coming years", Bergamo, Italy
- Visiting Professor Johns Hopkins University. "HUS Focusing on post transplant recurrence", Baltimore, USA
- Neglected diseases – Too poor to be treated. 'Rare diseases: still orphan despite they represent 10% of all diseases', Brussels, Belgium

- World Diabetes Day: "Transplantation: State of the Art in research", Bergamo, Italy
- Session: Friend or Foe: Complement regulation of Immune Cell function", chairman, ASN annual congress, San Diego, United States
- Session: Idiopathic membranous nephropathy", chairman, ASN annual congress, San Diego, USA
- 2nd HUS Workshop, State of the Art: "From the bug to the gene", "Transplantation", Bergamo, Italy
- 38 Refresher course in nephrology and dialysis methods, State of the Art: "Progression of kidney disease: inexorable? But the kidney knows how to repair itself", Milan, Italy

- 2007
- 10th Conference on Immune Pathology and Orphan Diseases, 10 years of CMID. Lecture: "Regulatory T cells, transplant immunology and autoimmunity", Turin, Italy
 - Workshop Science and Media, a tormented relationship. Lecture: "The facts of science and the emphasis of newspapers" (Discussion), Milan, Italy
 - 5th Advanced Training Course "Normal and Neoplastic Stem Cells 2007". Lecture: "The clinical results achieved by regenerative therapy: current reality", Pavia, Italy
 - Congress "Surviving is not enough. Quality of life in chronic kidney disease". Lecture: "Rehabilitating beyond chronic kidney disease", Naples, Italy
 - The 2nd World Congress on Gender-Specific Medicine and Aging. The endocrine impact. Lecture: "Gender-specific issues in internal medicine", Rome, Italy
 - C. Craig Tisher Visiting Professor, University of Florida. Lectures: "Renal disease progression: inexorable? But the kidney has the capacity to self-repair", "Hemolytic Uremic Syndrome: advance of the last few years", Jacksonville and Gainesville, Florida, USA
 - Congress "Progression of chronic renal disease" – the state of the art and an update. Chairman of "Therapy News", "Miscellaneous", Montecatini, Italy
 - AIFA European Conference on Clinical Research for Decision Making. Lecture: "Why and how to access the impact of medicines on public health", Rome, Italy
 - World Congress of Nephrology (WCN) 2007. Chairman: "Open questions on renal disease progression", "Albuminuria: a marker or a target?", "Can CKD regress?" Lectures: "Antihypertensive therapy in cardio-renal disease: which target and which drug", "Regression of renal lesions: still a dream for humans?", "Preventing disease progression and preventing nephropathies of diabetes: feasible strategies to limit the need of dialysis", Discussion "Steroid-Resistant Nephrotic Syndrome", State of the Art "Treating the kidney to cure the heart: translating animal intervention studies to the clinical practice", Rio de Janeiro, Brazil
 - VI Clinical Cardiology Day – International Meeting New Trends 2007. Lecture: "Heart failure: sometimes creatinine increases, what to do?", Laveno di Menaggio, Italy
 - Research betrayed - Analysis of a crisis and prospect of relaunch. Lecture: "The perception of Scientific Research in Society", Milan, Italy
 - XII FADOI National Congress. Lecture: "Progression of kidney disease, inexorable? But the kidney knows how to repair itself", Rome, Italy
 - Polish Society of Nephrology. Lecture: "Renal Disease progression: inexorable? But the kidney have the capacity to self repair", Katowice, Pologna
 - 9th. Congress of Hypertension and Renal Disease. Lecture: "Prevention of progression and remission of chronic renal disease: Can we do better than 5 years ago?", Antalya, Turkey
 - Congress: Nurses and Transplantation. Lecture: "Transplant Medicine: Organ Repair and the Prospects for the Coming Years", Bergamo, Italy
 - ERA-EDTA 2007 congress. Lecture: "inducine transplant tolerance: profress and challenges", Barcelona, Spain
 - XIX World Congress of International Society of Heart Research (ISHR): Lecture "Effects on renal function", Bologna, Italy

- Thrombotic Microangiopathy Workshop. Lecture: "TTP and HUS are they separate diseases?", Jena, Germany
- National Congress of Cardiac Anesthesia. Lecture: "Experimental Research and Treatment of the Sick", Bergamo, Italy
- PRIMIS Investigator meeting: Lecture: "Correction of Anemia: Pay offs and problems", Brussels, Belgium
- Congress: Organ-specific autoimmunity in clinical and laboratory medicine. Lecture: "Transplant tolerance". Florence, Italy
- Mayo Clinic Workshop during the ASN: "HUS and Thrombotic Microangiopathies". San Francisco, United States
- National Conference: Current events and perspectives on living donor kidney transplantation and pancreas transplantation. Lecture: "Preemptive kidney transplantation (living donor)", Milan, Italy
- Italian Society of Nephrology. Lesson: "Chronic transplant nephropathy: how much it depends on antigens and how to treat it". Parma, Italy
- World Diabetes Day: Lecture: "Kidney disease in diabetes and metabolic syndrome: when and how to intervene", Treviglio (BG), Italy
- SITO National Congress. Lecture: "Can anti-rejection therapy really be reduced? To what extent?", Modena, Italy
- Refresher course in nephrology and dialysis methods. Lecture "Control of arterial hypertension-Roles of ACE and ARB", Milan, Italy

- 2008
- Symposium: "Prevention in Nephrology", Lecture: "The Prevention of Complications Associated with Renal Failure", Rome, Italy
 - Seventh Genoa Meeting on Hypertension, Diabetes and Renal Diseases, Lecture: "Perspectives in Renal Medicine", Genoa, Italy
 - VI Int. Conference of Hypertension and the Kidney, Lecture: "Treating the kidney and cure the heart", Madrid, Spain
 - Distinguished Visiting Professor Beth Israel Deaconess Medical Center and Harvard Medical College, Boston: "Polycystic Kidney Disease: Novel Treatment for Hypertension and changing the Course of the Disease", "Thrombotic Thrombocytopenic Purpura and Hemolytic Uremic Syndrome: Are they separate diseases?", "A novel look to Membranous Nephropathy", "Regression of Chronic Renal Disease and the case of kidney self repairing", Boston. United States
 - Meet the Professor Seminar: "How does proteinuria cause progressive renal damage? Potential impact of antiangiogenic agents", European Inst. of Oncology, Milan, Italy
 - Bioethical Conference: "Bioethics and Medical Research", "What Future for Humanity? Organs, Transplants and Ethical Implications", Siena, Italy
 - 10th. Arab Congress of Nephrology. Plenary lecture: "Pathophysiology of Glomerular Filtration and Related Genes", Algiers, Algeria
 - Proteinuria Conference National Kidney Foundation/FDA: REIN and REIN 2 clinical trials. Silverspring, Maryland, United States
 - ERA/EDTA Congress Stockholm. "Thrombotic Microangiopathies", Stockholm, Sweden.
 - 1st. Conference: "Anticipating changes in drug development for children: Building on Paediatric Rheumatology". "Clinical trials in small populations: level of evidence and choice of endpoints and control group", Genoa, Italy
 - ISN Nexus and the kidney symposium: "Potential for ETRA's in Diabetic CKD", "How does proteinuria cause progressive renal damage?", Dublin, Ireland
 - Int. symposium on chronic kidney disease: epidemiology, detection, prevention and intervention. "Epidemiology of CKD: current world situation and clinical implications", "Pharmacological intervention in CKD: current results and progress. Is remission feasible", "Clinicopathological conference: HUS". Cordoba, Argentina.
 - 42nd. Annual Meeting of the European Society of Paediatric Nephrology. "Stem cells therapy: facts and myths". Lyon, France.
 - 62nd. Annual conference of the Council for High Blood Pressure Research. "Is there a role for endothelin receptor antagonists in renal medicine?", Atlanta, United States
 - KIDSTEM Workshop. Plenary lecture: "regression of CRD and the case of kidney self repairing", Liverpool, England
 - ISN Nexus Symposium on Transplantation and the Kidney. Management of Chronic Allograft Dysfunction: "Non-Immune Interventions: BP, Lipids", Rome, Italy
 - Royal College of Physicians of Edinburgh. Symposium: Renal Medicine: From Primary to Secondary Care. Sydney Watson Smith Lecture: "How we can prevent progression of CKD?", Edinburgh, England
 - 49th SIN National Congress: Plenary lecture: "Nephrology today and tomorrow", Rimini
 - The Genetic and Molecular Basis of Rare Kidney Disorders: "The genetic and molecular basis of

glomerular filtration". Bergamo Area, Italy

- Int. symposium: "Molecular targets in renal disease". "Regression of CRD and the case of kidney self repairing", Bamberg, Germany
- The Heart, the Kidney and Renal Failure. "Can the kidney really repair itself?", Cassino, Frosinone
- 7th. Int. Symposium on Multiple Risk Factors in Cardiovascular Diseases. "Renal dysfunction as a major risk factor for cardiovascular disease", Venice, Italy
- Annual Congress of the American Society of Nephrology. "Role of complement in atypical HUS", "Remission clinics-assessing risk benefits of treatment", "Regression of CRD and the case of self repairing", Philadelphia, United States
- Workshop LES, Bicocca University of Milan, Lecture: "LES: genes, autoimmunity and inflammation", Milan
- Novartis Workshop "From the Laboratory to the Pharmacy", "An Experience of Excellence in Italian Research", Rome
- 2nd. Int. Vicenza Course on Kidney Transplantation, Chairman, Vicenza, Italy
- Seminar "Focus on renal transplantation", Lecture: "Induction and maintenance network-/ regulatory", Maggiore di Borgo Trento Hospital, Verona
- Refresher course in nephrology and dialysis methods, D'Amico Foundation. "Translational research", Milan

2009

- 12 Conference on Immune Pathology and Orphan Diseases 2009. Plenary Lecture: "Translational Research: Why Is It Needed? Also for Immunological and Rare Diseases?", Turin
- Merck symposium: "Clinical investigation, clinical investigators and translational research", Rome
- Visiting Professor of the Moscow City Nephrology Center: "Regression of Chronic Renal Disease and the case of kidney self repairing", "Thrombotic Microangiopathy", Moscow, Russia
- Rotary Club: "Today's medicine and yesterday's ethics?", Solbiate Olona
- 28th. Annual Congress of Egyptian Society of Nephrology, "Regression of CRD and the case of kidney self repair", New insights in the management of membranous nephropathy", Systemic lupus erythematosus genes, autoimmunity & inflammation", Urghada, Egypt.
- Meeting Int. Guidelines on Rhinitis, Asthma and COPD, "Comprehensive assessment and management of patients with chronic renal failure", Modena
- Course "Stem Cells and Regenerative Medicine 2009: Current Events and Perspectives", Round table: "Cellular Medicine Recovery: Reality and Perspectives", Pavia
- XV Congress of Latin American Society of Nephrology and Hypertension 2009, "Membranous nephropathy: Finally a novel treatment, how effective and for who?", Remission and Regression of diabetic nephropathy" Mexico City, Mexico
- VIII Clinical Cardiology Day, "Stem cells to repair organs. There is an ethical problem", Lovenno di Menaggio, Italy
- Int. Conference Current diagnosis and therapy of HUS, Keynote lecture "HUS and TTP: still two different diseases? Innsbruck, Austria
- Vth Int. Course on genetic renal diseases, "Clinical and therapeutic aspects on cystic diseases", Genoa, Italy
- World Congress of Nephrology 2009 (WCN 2009), co-organizer and chairman of R&D Forum "Research partnerships: Need to reconsider the role of academia and industry", Milan
- WCN 2009, "The RENAAL study: reasons for a successful story", Milan, Italy
- WCN 2009, AIRP Meeting, "Clinical Trials for ADPEK Patients", Milan, Italy
- WCN 2009, AMgen symposium: "Role of anaemia and ESA therapy in the course of kidney disease", Milan
- WCN 2009, Symposium: Regression of CKD: determinants and possible targets for intervention: "Magic bullet or multiple interventions to reverse kidney disease progression?", Milan, Italy
- WCN 2009 Satellite symposium Focus on Fabry Nephropathy: Biomarkers, Progression and Disease severity: Co-organizer, "Molecular basis of glomerular permselectivity and proteinuria", Bergamo, Italy
- Menarini Symposium Transplantation and Tissue Repair, co-organizer, keynote lecture "Tolerance: a role for regulatory cells?", Bergamo, Italy
- Renal Week, ASN 2009, "HUS and TTP still two different diseases?", San Diego, USA
- Renal Week ASN 2009, Session: Thrombotic Microangiopathies, moderator, San Diego
- Renal Week ASN 2009, CNC: "Evidence for proteinuria as a surrogate in primary glomerular disease", San Diego
- Congress Update on Diabetic Nephropathy and Retinopathy, "Diabetic nephropathy: Natural history and perspectives", Lido di Camaiore
- FADOI Congress, "Progression of renal diseases", Rome, Italy
- SIGG National Congress, "Medicine of tomorrow and ethics of yesterday", Florence, Italy

- Unione It. for pulmonology, "Medicine of tomorrow and ethics of yesterday", Milan, Italy
- Refresher course in nephrology and dialysis methods, D'Amico Foundation, "Preeclampsia and eclampsia", Milan, Italy

2010

- MISOT expert meeting on mesenchymal stem cells in solid organ transplantation, "MSC and renal repair, relevance for renal transplantation", Rotterdam, The Netherlands
- Conference on Immune Diseases and Orphan Diseases, "Rituximab in nephrotic syndrome: Comparing opinion", Turin, Italy
- Congress: Rare Diseases and Access to Care, "Research for Rare Diseases. Why? Isn't it better to focus on cardiovascular diseases or cancers?", Rome, Italy
- Congress The kidney between heart and diabetes, "The regression of chronic kidney disease", Naples, Italy
- Congress New Evidence in the Prevention and Treatment of CKD-MBD, "Research for Rare Diseases. Why? Isn't it better to focus on cardiovascular disease or cancer?", Florence, Italy
- European PKD Meeting, "presentation of EU consortia", Barcelona, Spain
- Congress Integration of care pathways, "Risk of heart attack or heart failure?", Milan, Italy
- Congress New Evidence in the Prevention and Treatment of CKD-MBD, "Progression, Remission and Regression of Chronic Kidney Disease", Florence, Italy
- ISS/AIFA Conference, "Rare Diseases", Rome, Italy
- 13th Forum on The Renin Angiotensin System, "Regression of chronic kidney diseases and kidney self repair", Capri, Italy
- University of Milan Seminar, "60 years of transplantation, from the first attempts to the problems", Milan, Italy
- IX Clinical Cardiology Day, round table: "And after the transplant? What medicine can do and how society should prepare", Laveno di Mennaggio, Italy
- Annual meeting Bolivian Society of Nephrology, "The use of marginal donors in renal transplantation", "What we have learnt in the past 50 years of organ transplantation? achievements and open questions", "HUS and TTP: still two different diseases?", "Regression of chronic renal disease and the case of kidney self repairing", La Paz, Bolivia
- XII Congress of the Peruvian Congress of Nephrology, "HUS and TTP: still two different diseases?", "Regression of chronic renal disease and the case of kidney self repairing", Lima, Peru
- Seminar Kidney diseases in 2010 and Vicenza nephrology, "New horizons in renal diseases", Vicenza, Italy
- Seminar Department of Immunology and Transplant Clinic Healing with cells, "Stem cells: one truth or many?", Bergamo, Italy
- Humanitas Conference, "Who Tells the Truth About Stem Cells", Bergamo, Italy
- Satellite symposium on Thrombotic Microangiopathies, 21st Int. Congress on Thrombosis, "Rethinking Thrombotic Microangiopathies", Milan, Italy
- XXV Congress of the Brazilian Society of Nephrology, "Remission and regression of CKD: what has been achieved and what the future holds", "Transplant tolerance - achieved in animals, what about humans?", Vitoria, Brazil
- VII Refresher Questionnaire University of Pavia, "Use of Stem Cells and Kidney Transplantation", Pavia, Italy
- Nefro-SNAMID Congress, "Renal Medicine: What Has Changed in the Last Twenty Years and What Will Possibly Change in the Coming Years", Ferrara, Italy
- Videoconference: "Thrombotic Microangiopathies", Milan, Italy
- Immunosuppressive Therapy Congress, "Mechanisms of Action of Immunosuppressive Drugs", Milan, Italy
- Renal Master Class, "Insights into renal medicine, then and now", "Why the study of rare diseases?", Bergamo, Italy
- Focus on heart failure "Hot Topics", "What about the kidney", Bergamo, Italy
- Course "Perspectives on Diabetes and Cardiovascular disease and renal impairment", "The role of renal impairment in diabetes and the management of renal impairment in diabetes", Rome, Italy
- SIN Lombardy Congress "Certain kidney diseases no longer progress, for others there is still a long way", Legnano, Italy
- Congress Medicine, Health and Society, "Stem cells: one truth or many?", Bergamo, Italy
- Nephrology symposium: "Remission and regression of CKD: and the case of kidney self", Sint Niklaas, Belgium
- Annual ASN congress Denver, "Therapeutic implications of targeting interstitial inflammation", Denver, United States
- Faculty of Medicine and Surgery, Univ. of Catania, "Who tells the truth about stem cells", Catania
- Refresher course in nephrology and dialysis methods, D'Amico Foundation. "Renal transplantation:

what has changed in the last 30 years? What is the life expectancy of a transplant recipient today?" ", Milan, Italy

- San Martino Hospital Congress, "Hemolytic uremic syndrome and TTP: two different diseases?", Genoa, Italy

- 2011
- 7th Workshop "Hot topics in Hepatology", "Key note lecture: "The basics of rejection and tolerance", Modena, Italy
 - 9th. Annual Meeting of the Jordan Society of Nephrology, "Thrombotic Microangiopathy", "Membranous Nephropathy", Amman, Jordan
 - "Dangerous Relationships: Heart, Kidney, and Hormones," Closing Lecture: "Slowing, Stopping, or Reversing the Progression of Kidney Failure," Naples, Italy
 - "Transplant Dermatology", "The Future of Organ Replacement", Bergamo, Italy
 - "ADPKP in Europe: Clinical and experimental research", "Current and future endpoints of clinical trials including measurements of GFR and imaging", Berlin
 - Cultural meeting, "Stem cells: one truth or many?", Stresa, Italy
 - MISOT Meeting, "Combined autologous MSC and kidney transplant in the clinical setting", Lovagno, Belgium
 - WCN, "Genomic Mechanisms in kidney development and disease", "Stem cells: the key to renal regeneration?", Vancouver, Canada
 - WCN, AMGEN Award Plenary Lecture: "The path to remission and regression to chronic nephropathies and the case of renal self repair", Vancouver, Canada
 - "International Renal Meeting and Mayo Clinic Day in Sardinia", "Transplant tolerance: progress and challenges", Cagliari, Italy
 - Ateneo di Scienze, Lettere ed Arti, "Science and medicine for the care of men", Bergamo

- 28th SISA National Congress, "Medicine of tomorrow, ethics of yesterday", Rome, Italy
- University Hospital Geneva, "Renal transplantation from very old donors, how old?", Geneva, Switzerland
- Brugherio Joint Conference, "Medicine of tomorrow, ethics of yesterday", Brugherio, Italy
- Conference "The CReG experience in the Lombardy Region": "Chronic diseases: what if the time had come to rethink the DRG?", Milan, Italy
- 46 Refresher Course in Nephrology and Dialysis Methods: "Eculizumab in the Therapy of Atypical Hemolytic Uremic Syndrome and Thrombotic Microangiopathy"; "VDR Agonists and Nephroprotection", Milan, Italy
- 12th Congress of the Arab Society of Nephrology and Renal Transplantation: "ISN 0 by 25 Initiative", Dubai
- 45th Indian Society of Nephrology Conference, Plenary Lecture: "0 by 25: a human rights case for health equity: acute kidney failure in poor countries should no longer be a death sentence", Plenary lecture: "Dialysis and renal transplantation: where are we coming from and what we would like (possibly) to achieve", Kolkata, India

2015

- 20th International Conference on Advances in Critical Care (CRRT), "HUS-TTP: everything has

changed in the last ten years but still a lot to do", "AKI 0by25: a call for action", San Diego, United States

- ERA-EDTA CME Course 'Glomerulonephritis and Novel Biomarkers', Main lecture: "New insights in definition, pathophysiology and treatment new options for MPGN", Interactive Course; "Approaching to challenging cases with primary and secondary glomerulonephritis", Istanbul, Turkey
- ISN World Congress of Nephrology (WCN) 2015: Allied Health Symposium: "Preventing chronic kidney disease and the case of kidney self repair", Opening Ceremony: "Introduction and Opening of the Congress", Co-chair: AKI Session: "Overview", "Introduction to the Plenary lecture of Barry Brenner", Session 'Novel therapies for ADPK: the road forward' – "Long acting Somatostatin Analogue", "Closing remarks of the congress", Cape Town, South Africa
- WCN 2015 Satellite CKHDP Symposium: Key lecture: "AKI: an unacceptable death sentence globally", Cape Town, South Africa
- 10th GIMBE National Conference: "Forum: "Science, research and health: when innovation rhymes with sustainability", Bologna, Italy
- Sant'Anna School, "Are we prepared to know what there is to know about our DNA? Maybe not", Pisa, Italy
- Cardioneurology Congress 2015: Lecture: "Progression of nephropathies: how to delay it to protect the cardiovascular system", Rome, Italy
- Spring Conference 2015 'Pharmacogenetics and global health, strengthening a global rare diseases system', Verona, Italy
- Hot Topics in renal transplantation – Transplant tolerance, "Mesenchymal stromal cells to promote tolerance in kidney transplantation", Genoa, Italy
- RELOAD – The Future of Today's Transplantation: "Advances in Tissue Engineering and Organogenesis in Transplant Medicine", Padua, Italy
- Third International Renal Meeting and Mayo Clinic Day, "aHUS, differential diagnosis and therapy of C-M HUS", Cagliari, Italy
- 14 Advanced training course "Rare circulating cells", Lecture: "The truths about stem cells", Pavia, Italy
- University of Milan, "Hemolytic uremic syndrome: we have come a long way in the last 10 years but there is at least as much before stopping", Milan, Italy
- Continuous Refresher Course in Nephrology: "Dialysis and transplantation: where we started from and where we would like to (perhaps) arrive", Chieti, Italy
- ERA-EDTA Congress, "Regression of renal lesions in diabetic and non diabetic renal diseases", "ISN AKI 0 by 25: A human rights case for nephrologists", "Novel therapeutic approaches in glomerular diseases", London, Italy
- SRC 2015 Conference, HUS-TTP everything has changed in the last ten years but still a lot to do", "New insights in definition, pathophysiology and treatment options for MPGN". Moscow, Russia
- SPERA Conference: Knowing and communicating the values of research. The case of model animals for biomedical research, "Animal experimentation, is it really needed? If so, how can our politicians and institutions understand it?", Rome, Italy
- SLANH Online Course: The ISN 0 by 25 initiative"
- 7th Hydration for Health Scientific Conference Danone, Session: Preventing Kidney Disease, "Origins, today and tomorrow", Evian, France
- The two cultures "Beauty", "The beauty of the unknown: it is useful to know what there is to know about our DNA", Ariano Irpino, Italy
- SUN event, "Medicine of tomorrow and ethics of yesterday", Naples, Italy
- Meeting Regeneron, "The changing world of thrombotic microangiopathies after complement inhibitors: nothing will be the same any longer", New York, USA
- Polycystic Kidney Disease: Knowing to Recognize 10 Years of Struggle Told by Doctors and Patients, "The Role of Somatostatin", Rome, Italy
- Lecture of the Bergamo Bar Association, "Science and law: from end-of-life directives to Stamina to medical negligence: reflections on a difficult relationship", Bergamo, Italy
- XIII CICAP Conference: The Art of Disillusionment. 25 years of adventures at the boundaries of science. "Drugs: between myth and reality", Cesena, Italy
- 56 National Congress of the Italian Society of Nephrology (SIN), Lecture: "They say that nephrologists do less studies than others and so we are behind: is it true?", Rimini, Italy
- Bergamo Scienza, Introduction: "Control of Degenerative Diseases", Bergamo
- 56th National Congress of the SIN: Moderator: "The organization of the Nephrology of the future: how the Ministry of Health and the Regions see the role of nephrologists in hospital and territorial healthcare, Rimini, Italy
- Safety Quality Day - Patient safety. "Hospital for intensity of care or not?", Florence
- XXII AIBT National Congress 2015. "Dialysis and transplantation: where we started from and where we would like to (perhaps) arrive", Matera, Italy

- 116th National Congress of the Italian Society of Internal Medicine. "End-of-life care: does it choose the doctor or the patient?", Rome, Italy
 - Collegio Ghislieri Seminar, "Are we prepared to know what there is to know about our DNA? Maybe not", Pavia, Italy
 - 4th. Nephrology and Transplantation Update. "Complement targeted therapies in glomerular diseases", "Retarding renal disease progression: the ingredients of a successful story", Dubai, UAE
 - Healthy Revolution. "The boundaries between ethics and technological evolution and the role of research in identifying new management solutions", Milan, Italy
 - Inauguration Ceremony of the academic year 2015/2016 University of Rome. Lecture: "Medicine of tomorrow and ethics of yesterday", Rome, Italy
 - University of Alabama: "Progression, remission and regression of chronic renal diseases and the case of kidney repair", Alabama, USA
 - NITp Technical Scientific Meeting, "Immunosuppression and tolerance", Verona, Italy
 - Conference Kidney and liver transplantation, from living donor in Italy: From fabulous perspective to difficult reality. "Use of mesenchymal cells to induce tolerance in living transplantation: from man to mouse and then back to man", Bologna, Italy
 - CME Course of the DIABESITY working group. "Should we still believe in RCTs in nephrology and why so many have failed?", Ranica (BG), Italy
 - 47 Refresher course in nephrology and dialysis methods. Moderator Symposium: Prevention of renal malpractice and complications", "How I treat my patient", Milan, Italy
- 2016 - Master's Degree in Anaesthesia, Neonatal and Paediatric Intensive Care, "How we would like to die (and how instead they force us to die)", Brescia, Italy

- ERA EDTA, "Evaluating pegcetacoplan and its clinical impact in patients with C3G and Primary IC-MPGN", Vienna
- Infections & Transplantation 10th International Congress, "Tolerance induction in solid organ transplantation", Varese
- 4th Workshop Purification Therapies From Research to Clinics "The End of the Beginning", "Solid Organ Transplantation: the Present and the Future" Milan
- 66th SIN (Italian Society of Nephrology) National Congress, "The importance of deepening a diagnosis of C3G: role of acquired and genetic drivers", Riccione

2026

- Renal Grand Rounds, Downstate Health Sciences University - "Mechanisms of podocytopathies" New York (online)

IX. Member of the Editorial Board of the following International Journals

1985	- International Journal of Artificial Organs
1986-1990	- American Journal of Kidney Diseases
	- Archives Internationales de Pharmacodynamie et de Thérapie
1986 - 2004	- Nephrology Dialysis Transplantation
1988- 1992	- Journal of Nephrology
1989- 1994	- Kidney International
1990	- International Yearbook of Nephrology
1991	- Nephron
	- Kidney
1995	- Expert Opinion on Therapeutic Patents
	- Journal of Cardiovascular Pharmacology
1997	- Current Opinion in Nephrology and Hypertension
1998	- Graft
1998 - 2013	- New England Journal of Medicine
1999	- European Journal of Internal Medicine
2000	- American Journal of Kidney Diseases
2001- 2003	- Clinical and Experimental Medicine (CEM)
2003	- International Journal of Artificial Organs
2005	- Archives of Medical Science
	- Current Patents on Cardiovascular Drug Discovery
2005	- Italian Lancet
2005-2008	- The Cochrane Renal Group
2009	- International Journal of Artificial Organs
	- JASN
	- World Journal of Hepatology
2013-2014	- Current Opinion in Organ Transplantation
2018	- International Journal of Immunology
2019	- Journal of the American Society of Nephrology (JASN)
2020	- Plos Medicine
2020 - 2023	- Cells
2023	- Scientific Reports

X. Member of the International Advisory Board

since 1991	- The Lancet
since 1994	- International Nephrological Research and Training Center
since 1998	- Brazilian Transplantation Journal
1999	- 1st Nephrology Course, Kidney Disease Project, La Paz, Bolivia
2005	- Current Hypertension Reviews
	- Nature Clinical Practice Nephrology
2018	- Member of the International Advisory Board of RegMed XB

XI. Editor of the following International Journals

since 1991	- Experimental Nephrology: Deputy Editor
since 1992	- American Journal of Kidney Diseases: Associate Editor
from 1992-1998	- Journal of Nephrology: Editor in Chief
since 1993	- Current Opinion in Nephrology and Hypertension: Renal Pathophysiology: Section Editor
	- 2nd ed. The Principles and Practice of Nephrology: Renal Disease in

	Pregnancy: Section Editor
1995	- Expert Opinion on Therapeutic Patents, Cardiovascular & Renal section: Section Editor
	- Critical Care in Nephrology: Kidney in Sepsis: Section Editor
	- Renal Protective Effect of ACE inhibitors Supplement of Experimental Nephrology: Editor
1996	- Therapy in Nephrology and Hypertension: A Companion to Brenner and Rector's The Kidney: Chronic renal Failure and its Systemic Manifestations: Section Editor
from 1997-1998	- Journal of the American Society of Nephrology: Associate Editor
since 1998	- Journal of the American Society of Nephrology: Consulting Editor
2003	- Kidney International: Consulting Editor
	- American Journal of Transplantation: Consulting Editor
2004 – 2005	- Italian Lancet, Scientific Director
2005-2010	- Clinical Journal of the American Society of Nephrology (CJASN), Associate and International Editor (Europe)
	- PLoS Medicine
2006-2012	- Journal of Clinical Investigation Consulting Editor
2012	- PLoS One, Academic Editor
2013-2014	- Current Opinion in Organ Transplantation, Section Editor
2014	- Kidney Diseases, Consulting Editor
2015	- Nephron, Consulting Editor and Member of Editorial Advisory Board
2018	- Frontiers in Pharmacology – Renal Pharmacology, Chief Editor
2019	- Journal of the American Society of Nephrology (JASN), Editorial Board Member
2020	- Plos Medicine, Editorial Board Member
2020 - 2023	- Cells, Editorial Board Member

XII. "Referee" of the following International Journals

from 1982-1987	- Pharmacological Research Communications
since 1982	- International Journal of Artificial Organs
since 1983	- Thrombosis Research
	- Clinical Nephrology
	- International Journal of Pediatric Nephrology
since 1984	- Journal of Clinical Investigation
	- British Journal of Haematology
	- American Journal of Kidney Diseases
	- Kidney International
since 1985	- Nephron
since 1986	- Nephrology Dialysis Transplantation
since 1987	- American Journal of Nephrology
	- American Journal of Physiology
since 1988	- Blood Purification
	- Journal of Nephrology
since 1989	- Journal of Laboratory and Clinical Medicine
	- Pharmacological Research
	- Thrombosis Research
	- European Journal of Haematology
from 1990-2013	- The New England Journal of Medicine
	- Renal Physiology and Biochemistry
	- Obstetrics and Gynecology
	- Pediatric Nephrology
	- Clinical and Experimental Rheumatology
	- Journal of the American Society of Nephrology

since 1991	- Italian Journal of Nephrology
1994	- Diabetology
	- The Lancet
	- Annual ASN Congress - Abstract Reviewer section: Hemodynamics and Vascular regulation
since 1995	- Journal of Cardiovascular Pharmacology
1996	- Annual ASN Congress - Abstract Reviewer section: Immunology and Pathology
since 1997	- The American Journal of Pathology
since 1999	- European Journal of Internal Medicine
since 2002	- Clinical Science
	- American Journal of Transplantation
	- Diabetes Care
since 2005	- Hemodialysis International Journal
	- Brazilian Journal of Medical and Biological Research
	- Current Diabetes Reviews
	- Hypertension
	- Transplant Immunology
2008	- The Open Urology & Nephrology Journal
	- Transplant International
	- Transplantation
	- Journal of the Renin Angiotensin Aldosterone System
	- Clinical Transplantation
	- Expert Opinion on Emerging Drugs
	- Vascular Pharmacology
	- Circulation
	- Translational Research
2009	- International Journal of Artificial Organs
2017	- Nature
	- Frontiers in Pharmacology
2021	- Alloimmunity and Transplantation (section of Frontiers in Immunology)

XIII. Member of the following Scientific Societies

since 1983	- Italian Society of Nephrology
since 1984	- International Society of Nephrology
	- European Dialysis and Transplant Association
since 1987	- American Federation for Clinical Research
	- Society of Italian-American Nephrologists
	- International Society of Thrombosis and Haemostasis
since 1988	- American Society of Nephrology
	- National Kidney Foundation (U.S.A.)
	- National Kidney Foundation, Council on Hypertension (U.S.A.)
	- International Member of the American Association for the Advancement of Science
since 1993	- New York Academy of Sciences
since 1994	- National Kidney Foundation, Council on Transplantation, (USA)
since 1998	- Royal College of Physicians, London, England
	- American Association for Physicians
since 2018	- EU Academy of Sciences (EUAS)

XIV. Special awards

from 1989 – 1997	- Secretary of the "Society of Italian-American Nephrologists"
from 1990 – 1991	- Member of the "Advisory Committee on Future Congresses" of the "International Society of Nephrology"
1990-1993	- Member of the Nominating Committee of the International Society of

	Nephrology
since 1993	- Member of the Medical Research Council of the Loys Joy Galler Foundation for Hemolytic Uremic Syndrome, New York - Member of the Steering Committee of the European Kidney Research Forum (EKRF) - Member of the "Subcommittee for South America" of the International Society of Nephrology "Commission for Developing Countries"
since 1994	- Member of the Scientific Advisory Committee of the International Society of Nephrology, for the 1997 Congress (Sydney)
1994	- Member of the "Appointment Committee" for the appointment of a Professor in Renal Medicine at the Karolinska Institute, Stockholm - San Valentino D'Oro Award, Terni - Abstract reviewer for the section: Hemodynamics, Vascular regulation: American Society of Nephrology Annual Congress
1995	- Member of the "Scientific Committee" of the International Transplantation Consensus Conference on the "right and wrong endpoints in transplantation clinical trials" of 1995, Chicago
since 1995	- Member of the Board of Directors of the Mario Blacks Sud Consortium
1995	- Member of the Int. Advisory Committee, for the meeting: "3rd International Symposium and Workshop on VTEC infections", Baltimore, June, 1997 - Member of the "New Writing Committee" for the World Health Organization's volume on Classification and Atlas of Glomerular Diseases - Silver Plaque, "Antonietta Labisi" Association, Taormina
1996	- Lance Lipton Lecture during his visit to "Toronto Hospitals and Universities" as "Lance Lipton visiting professor award" - Organisational responsibility of the "European Kidney Research Forum (EKRF)", Baveno - Member of the Steering Committee: Losartan Diabetic Endpoint Study - Abstract reviewer for the section: Immunology, Pathology: American Society of Nephrology Annual Congress, New Orleans, November 3-6, 1996 - "Expert Opinion" for the Conference "Measurement of Renal Function in Progressive Renal Disease" National Institute of Health, Washington, September 11-12, 1996
1996-1997	- Member of the "Commission for the analysis of waste in healthcare and the rationalization of spending", Forum for Biomedical Research, Milan
1997	- Member of the Scientific Committee of the project "Opportunistic infections and tuberculosis", Istituto Superiore di Sanità, Ministry of Health, Rome - Member of the Scientific Committee of the Department for Drug Evaluation and Pharmacovigilance - EMEA, Ministry of Health, Rome - Member of the Scientific Advisory Committee of the Italian Medical Encyclopedia - Member of the "Scientific Advisory Committee" of the International Society of Nephrology, for the 1999 Congress (Buenos Aires) - Member of the "Joint ASTP/ASTS task force on transplantation tolerance", Co-moderator for the topic "Intrathymic tolerance" Chicago, USA
1998	- Member of the Baxter Extramural Grant Program - Chicago, USA - Honorary Member of the Association of the American Physicians; Washington, United States - Member of the Royal College of Physicians (FRCP), London, England
1998-2004	- Member of the Commission for International Clinical Trials of the International Society of Nephrology, July 1998 - "Feature", The Lancet; 352: 296, 1998 - Member of the Biomedical Scientific Committee of the Kidney Foundation of Canada - Honorary member of the Australian and New Zealand Society of Nephrology - Member of the "Scientific Advisory Board of Roche Organ

- Transplantation Research Foundation".
- Member of the "NITp Scientific Committee" - Northern Italy Transplant
 - Member of the Scientific Committee of the Project "Opportunistic infections and TB deriving from AIDS", Ministry of Health, Istituto Superiore di Sanità
- 1999
- Member of the International Advisory Committee for "The Sixth Basic Sciences Symposium of the Transplantation Society" Asilomar, USA
 - Member of the "Scientific Committee of the European Kidney Research Association (EKRA -EKRF)" for the XXXVII meeting of the ERA-EDTA, Nice, September 2000
 - Abstract reviewer for the section: Clinical Nephrology: Glomerular and Tubular Disorders, American Society of Nephrology Annual Congress, Miami, November 5-8
 - Member of the Hand Transplant Working Group, Monza
 - Member of the Working Group on Xenotransplants - National Committee for Biosafety and Biotechnology, Presidency of the Council of Ministers
- 2000
- Member of the Study Commission on Rare Diseases – Department of Prevention, Ministry of Health, Rome
 - Chairman", Research Subcommittee, COMGAN (Commission for Global advancement of Nephrology) - International Society of Nephrology (ISN)
- 2000 (December)
- Member of the Commission for Health Research - Department of Planning, Ministry of Health, Rome
- 2001
- Rome, Merck Sharp & Dohme, Lifetime Achievement Award: "Angiotensin II Antagonist Investigators Award for Renal Disease"
- 2003
- Member of the subcommittee "Clinical trials and special uses" of the Single Medicines Commission (CUF)
 - Member of the Scientific Committee of the Thirty Hours for Life Association"
 - Member of the International Scientific Board for the "Clinical development of Repertaxin" project, Dompé S.p.A.
 - Councilor, International Society of Nephrology (ISN)
- 2004
- Member of the ISMETT Advisory Board
 - Member of the "2003 Group" – most cited Italian scientists by the Thomson Institute for Scientific Information, Philadelphia
 - Award for Aspera ad Astra, Gran Galà della Montagna e della Solidarietà, Leffe, Bergamo
 - Recognition of the Chamber of Commerce of Industry, Crafts and Agriculture, Bergamo
 - Gold Medal, Municipality of Bergamo
- 2005
- Contact person of the Steering Committee for Research Evaluation (CIVR), Ministry of Education, University and Research, Rome
 - World Congress of Nephrology, (ISN) Jean Hamburger Prize, Singapore
- 2006
- Member of the "Strategic Committee for Welfare", Lombardy Region
 - Honour as Commander from the President of the Republic Carlo Azeglio Ciampi to the Merit of the Italian Republic to the Italian Scientists of the 2003 Group for Scientific Research.
 - Chairman of Data Safety Monitoring Committee of the WHO multicentre, observational study entitled: "Screening for Pre-eclampsia: evaluation of the predictive ability of angiogenic factors for pre-eclampsia"
 - The Shaul Massry Distinguished Lecture and Award, Spring Clinical Meetings, NKF Chicago, April 2006.
 - International Art and Culture Prize "Homage to Cilea", Reggio Calabria, October 2006
 - Member of the Superior Council of Health, Rome
- 2007
- John P. Peters Award – Annual Congress of the American Society of Nephrology (ASN), November 2, 2007
- 2008
- Professor Honoris Causa, University of Cordoba, Argentina
 - "Andrea Palladio "500" International Prize, Vicenza, November 2008

2009	- Member of the ERA/EDTA 2010 Scientific Committee
2009-2015	- Member of the International Council, Dutch Kidney Foundation
2011	- ISN AMGEN Award, 10 April 2011, World Congress of Nephrology, Vancouver, Canada
	- President-elect of the International Society of Nephrology, (ISN) – biennium 2013-2015, World Congress of Nephrology, Vancouver, Canada
	- Winner of the third edition of the "Luis Hernando" International Prize for Nephrology awarded by the Iñigo Alvarez de Toledo Renal Foundation (FRIAT) in Madrid, Spain
2012-2013	- Chair, Alexion Data Monitoring Committee Protocol title 1: "A randomized open-label, multicenter trial to determine safety and efficacy of Eculuzimab in the prevention of antibody mediated rejection (AMR) in living donor kidney transplant recipients requiring desensitization therapy" Protocol title 2: "An open-label, single arm. Multicenter trial to determine safety and efficacy of Eculuzimab in the prevention of antibody mediated rejection in sensitized recipients of a kidney transplant from a deceased donor"
2013	- June, President, International Society of Nephrology (ISN 2013-2015)
2013	- He is the creator of the project called "0 by 25": Zero deaths from untreated acute kidney failure by 2025 in poor countries. The hope is that the ISN will contribute over the next decade to reducing the mortality rate of acute kidney failure globally.
	- Member of the Biogen Scientific Technical Committee
	- Member of the Health Development Commission – Lombardy Region
2014	- Member of the "Research and Innovation" Working Committee, Ministry of Health, Rome
	- Assignment of the "Giuseppe Roi" Medical Culture Award, May, Vicenza
	- Assignment of the Rosa Camuna Prize 2014, May, Lombardy Region, Milan
	- Coordinator of the "Commission for Relations with the Institutions", SIN
2015	- Winner of the "Evidence Award", GIMBE Foundation (March)
	- Member of the Ethics Committee of the Veronesi Foundation
2015 – 2018 (December) -	Member of the Board of Directors of the Higher Institute of Health
2016	- Member of the Permanent Technical Council for Transplants Ministry of Health
2017	- Finalist European Inventor Award, "Industry" category
2017	- Member of the Scientific Committee of the Fatebenefratelli Foundation for health and social research and training
2017	- Member of the jury of the "Lombardy is Czech" award – Lombardy Region
2018	- Member of the Health Advisory Board in Cineca
2018	- Member of the International Advisory Board of RegMed XB
2018	- Member of the Biogen Scientific Technical Committee
2018	- Winner of the Lennox K. Black International Prize for Excellence in Medicine, Philadelphia, USA
2018	- Member of the EU Academy of Sciences
2019	- Member of the Superior Council of Health (CSS) and President of Section V
2020	- Member of the Scientific Committee Center for Global Health, Research and Studies
2021 – 2024	- Member of the National Coordination Centre of the Territorial Ethics Committees for clinical trials on medicinal products for human use and medical devices, AIFA
2022	- Honour as Knight of the Grand Cross by the President of the Republic Sergio Mattarella
	- Non-Resident Corresponding Member of the Academy of Sciences of the Institute of Bologna
	- Member of the Scientific Committee of the new scientific journal

	Nutritum et Curae
2023	- Cronin Award, Lifetime Achievement Award 2023, Savona - XXV Capo d'Orlando International Prize, Dissemination section, Vico Equense
2024	- Corresponding Member of the Accademia dei Lincei - Physical, Mathematical and Natural Sciences (Cat. V Biological Sciences and Applications - Section D: Physiology, Pharmacology and Neuroscience) - Member of the Ethics Committee for Clinical Trials in the Paediatric Field, AIFA
2025	- Member of the Lancet Commission on Rare Diseases - UGIS Award (Union of Italian Scientific Journalists), Milan - National Prize for Scientific Dissemination 2025 for the book "Where Man Begins" (Solferino), written with Telmo Pievani, Roma
2026	- Member of the Advisory Board of the Regional Foundation for Biomedical Research (FRRB), Milan

XV. Areas of Interest

- Structure and function of the vascular endothelium
- Coagulation and renal diseases with particular attention to the role of platelets and vascular prostaglandins
- Pathogenesis of pre-eclampsia and hypertension in pregnancy
- Pathogenesis and therapy of hemolytic uremic syndrome and thrombotic thrombocytopenic purpura
- Vasoactive and non-immunological mediators of kidney damage
- Factors influencing the evolution of kidney damage towards glomerulosclerosis
- Clinic and therapy of glomerulonephritis
- Cause of progression of kidney disease to the need for dialysis or transplantation
- Determinants of renal damage in diabetic nephropathy
- Transplant immunology and tolerance to the transplanted organ
- Renal effect of anti-rejection drugs
- Innovative anti-rejection therapies

XVI. Scientific results of particular relevance

Contribution to understanding the cause of bleeding tendency in patients with renal impairment

- Evaluation of Quantitative and Qualitative Abnormalities of Factor VIII and von Willebrand Factor in Patients With Renal Impairment
- Description of abnormalities of vascular platelet metabolism of arachidonic acid in patients with renal impairment
- Demonstration that parathyroid hormone can alter platelet function
- Description of the role of anemia in the bleeding tendency of the uremic patient
- Evaluation of new therapeutic approaches for the treatment and prevention of bleeding tendency in uremic patients
- Description of the efficacy of desmopressin infusions in the reduction of prolonged bleeding time in uremic patients
- Description of the efficacy of red blood cell transfusions in improving hemostasis of the uremic patient
- Description of the hemostatic effect of conjugated estrogens in the uremic patient
- Description of the efficacy of erythropoietin treatment in improving hemostasis of the uremic patient

Contribution to the understanding of the pathophysiology of microangiopathic damage in different clinical conditions

- Description of a plasma defect responsible for reduced vascular prostacyclin production in patients with thrombotic thrombocytopenic purpura or hemolytic uremic syndrome
- Defining the Role of Reduced Prostacyclin Synthesis in Pre-Eclampsia
- Role of endothelial damage in hemolytic-uremic syndrome and thrombotic thrombocytopenic purpura

- Role of von Willebrand factor fragmentation abnormalities in hemolytic-uremic syndrome and thrombotic thrombocytopenic purpura

Contribution to the definition of the therapy of hemolytic uremic syndrome and thrombotic thrombocytopenic purpura

- Description of the therapeutic value of plasmapheresis and plasma infusion in hemolytic-uremic syndrome and thrombotic thrombocytopenic purpura
- Description of the effect of α -antitrypsin in recurrent hemolytic-uremic syndrome

Establishment of the International Registry for Hemolytic Uremic Syndrome

Contribution to understanding the causes of glomerulonephritis

- Description of the increased glomerular synthesis of thromboxane as a possible cause of proteinuria in experimental nephrosis
- Characterization of the Role of MCP-1 in Glomerular Inflammatory Damage in Experimental and Human Lupus

Contribution to the understanding of the causes of the progression of nephropathies

- Description of an experimental model of adriamycin nephrotic syndrome in the rat and development of a model of unilateral adriamycin renal injury in the rat
- Evaluation of the effects of dietary and/or pharmacological manipulations on the progression of glomerular damage
- Characterization of a timeline of events related to glomerulosclerosis in nephrotic syndrome
- Definition of the role of altered protein permeability in the progression of renal damage in experimental animals and humans
- Characterization of the role of increased expression of the gene for different endothelin isoforms and the gene for the endothelin B receptor in the progression of renal damage in experimental models and in humans
- Contribution to the understanding of renal toxicity of cyclosporine

Contribution to the definition of glomerulonephritis therapy

- Long-term Survival Study of Patients With Membranous Glomerulonephritis Untreated With Cytotoxic Drugs
- Pathophysiological and cellular basis of the antiproteinuric effect of converting enzyme inhibitors in humans (primary nephropathies and diabetic nephropathy)

Contribution to the treatment of nephropathies

- Demonstration through the results of the REIN study that in chronic nephropathies with proteinuria $>3\text{gr./24 h}$, ramipril reduces proteinuria and filtrate fall and reduces the combined risk of creatinine doubling and end-stage renal failure by 50%.

Contribution to the understanding of the immunological mechanisms that are involved in transplant rejection in the induction of tolerance of the transplanted organ

- Description of the first indefinite survival model of vascularized organ transplantation among incompatible animals without anti-rejection therapy
- Description of the effect of co-stimulation signal inhibitors in inducing tolerance in an experimental kidney transplant model

Prof. Remuzzi is the author of hundreds of publications in international journals and 24 books, he is a columnist for the Corriere della Sera.

I declare that the information contained in this Curriculum Vitae is accurate and truthful.

I authorize the processing of personal data, including sensitive data, pursuant to and for the purposes of Decree-Law 196/2003 for the purposes referred to in this notice of application.

Bergamo, 22 July 2026 Giuseppe Remuzzi
